- Disaster relief operations
- Role of humanitarian actors in disaster relief operations
- Swift-Trust
- Military-civil interface in humanitarian operations
- Capacity building
- Behavioral humanitarian operations
- Relationship management in context to humanitarian operations
- Performance measures and metrics in humanitarian supply chains
- Logistics in humanitarian operations
- Information sharing and technology adoption in humanitarian operations
- Total quality management in humanitarian supply chain and logistics
- Costing in humanitarian logistics and supply chains

Instructions for authors can be found at:

<http://www.springer.com/business/operations+research/journal/10479>

Authors should submit a cover letter and a manuscript by March 31, 2020 via the Journal's online submission site. Manuscripts submitted after the deadline may not be considered for the special issue and may be transferred to a regular issue.

Please see the Author Instructions on the web site if you have not yet submitted a paper through

Springer's web-based system, *Editorial Manager*. Be sure to note when leaving a comment that your work is intended for the special issue and to select the article type **S.I.: Design and Management of Humanitarian Supply Chains**.

Papers will be subject to a strict review process managed by the Guest Editor and accepted papers will be published online individually, before print publication.
