Annals of Operations Research
Special Issue:
Risk Management Decisions and Wealth Management in Financial Economics

The *Annals of Operations Research* seeks submissions for a special issue on

Risk Management Decisions and Wealth Management in Financial Economics

dedicated to the research areas of Risk Management decisions and wealth management presented at the ninth International Finance Conference, (IFC9), to be held in Paris, France, from March 10th to 11th, 2017. The special issue is open to all submissions on the topics, not just papers arising from the conference. Quality and relevance to the special issue's topics are the two most important criteria for accepting contributions.

The deadline for submission is 30th June, 2017.

The main topics of interest are:

- Topic 1: Hedging under incomplete information
- Topic 2: Wealth management under stochastic economics variables
- Topic 3: Recent advances in risk management
- Topic 4: Hedging and speculation models in discrete and continuous time
- Topic 5: Arbitrage between value creation and risk management strategies
- Topic 6: Financial crisis and risk management in international markets
- Topic 7: International investment
- Topic 8: Private equity and wealth management
- Topic 9: Banking and finance: from theory to practice
- Topic 10: Capital rationing and investment under constraints and uncertainty

Instructions for authors can be found at:

<http://www.springer.com/business/operations+research/journal/10479>

Authors should submit a cover letter and a manuscript by the end of June, 2017, via the Journal's online submission site at

<http://www.editorialmanager.com/anor/default.asp>

Manuscripts submitted after the deadline may not be considered for the special issue and may be transferred to a regular issue.

Please see the Author Instructions on the web site if you have not yet submitted a paper through Springer's web-based system, *Editorial Manager*.

Be sure to note when leaving a comment that your work is intended for the special issue Risk Management Decisions and Wealth Management in Financial Economics and to select the article type: "SI: Risk in Financial Economics".

Papers will be subject to a strict review process managed by the Guest Editors and accepted papers will be published online individually, before print publication.
