
Call for Papers
Annals of Operations Research
**Special Issue: Agriculture Analytics, BigData, and Sustainable
Development**

The *Annals of Operations Research* seeks submissions for a special issue on ***Agriculture Analytics, BigData, and Sustainable Development***. The deadline for submission is extended to 31/July/2018. It is open to all researchers of this area.

In addition, we would like to encourage, in particular, all participants of the I International Conference on Agro BigData and Decision Support Systems in Agriculture to submit extended versions of their presented papers.

The main topics of interest are:

- Agriculture analytics with emphasis in OR methods
- OR for sustainable development in developing countries
- BigData for decision making in agriculture
- Agrifood supply chain management and analytics
- Agro-forestry management
- OR in strategic and policy planning in agriculture
- Decision making in agriculture to mitigate climate change

Instructions for authors can be found at:

<http://www.springer.com/business/operations+research/journal/10479>

Authors should submit a cover letter and a manuscript by 31/July/2018 via the Journal's online submission site. Manuscripts submitted after the deadline may not be considered for the special issue and may be transferred to a regular issue.

Please see the Author Instructions on the web site if you have not yet submitted a paper through Springer's web-based system, *Editorial Manager*. Be sure to note when leaving a comment that your work is intended for the special issue and to select the article type "***S.I. Agriculture Analytics, BigData, and Sustainable Development.***"

Papers will be subject to a strict review process managed by the Guest Editors and accepted papers will be published online individually, before print publication.
