**Malaga, Spain, May 27-29, 2010**

**Call for Papers**

**ECCO** and **CO** announce a volume of the *Annals of Operations Research* on

**Computational Issues in Combinatorial Optimization**

The *Annals of Operations Research* publish peer-reviewed original articles dealing with key aspects of operations research, including theory, practice, and computation.

**Instructions for authors can be found at:**

<http://www.springer.com/business/operations+research/journal/10479>

Authors should submit a cover letter and a manuscript by September 30, 2010 via the Journal's online submission site. Manuscripts submitted after the deadline may not be considered for the special volume and may be transferred to a regular volume.

Please see Author Instructions on the site if you have not yet submitted a paper through this web-based system. Be sure to note in the Manuscript Comment text that your work is intended for the special volume and to select the article type "**SI: ECCOXXIII-CO2010**".

Papers will be subject to a strict review process managed by the Guest Editors and accepted papers will be published online individually, before print publication.
