Call for Papers

Annals of Operations Research

Special Volume: Mathematics in Business Management

The deadline for submission is December 1, 2012

The main topics of interest are:

Topic 1: Operations Management
Topic 2: Queuing Theory and Networking
Topic 3: Customer Relationship Management
Topic 4: Supply Chain Management
Topic 5: Financial Mathematics
Topic 6: Business Intelligence
Topic 7: Modeling and Optimization

Instructions for authors can be found at:

http://www.springer.com/business/operations+research/journal/10479

Authors should submit a cover letter and a manuscript via the journal’s online submission site. Manuscripts submitted after the deadline may not be considered for the special volume and may be transferred to a regular volume.
Please see the Author Instructions on the web site if you have not yet submitted a paper through Springer's web-based system, Editorial Manager. Be sure to place a note in the Manuscript Comments that your work is intended for the special volume and to select the article type "SI: Mathematics in Business Management."

Papers will be subject to a strict review process managed by the Guest Editors and accepted papers will be published online individually, before print publication.
