
Call for Papers
Annals of Operations Research
**Special Issue: Agriculture Analytics, BigData, and Sustainable
Development**

The *Annals of Operations Research* seeks submissions for a special issue on ***Agriculture Analytics, BigData, and Sustainable Development***. The deadline for submission is 31/August 2018. It is open to all researchers of this area.

In addition, we would like to encourage, in particular, all participants of the II International Conference on Agro BigData and Decision Support Systems in Agriculture and those of the 29th EURO Conference to submit extended versions of their presented papers. Please note that contributions arising from papers given at a conference should be substantially extended, and should cite the conference paper where appropriate.

The main topics of interest are:

- Agriculture analytics with emphasis in OR methods
- OR for sustainable development in developing countries
- BigData for decision making in agriculture
- Agrifood supply chain management and analytics
- Agro-forestry management
- OR in strategic and policy planning in agriculture
- Decision making in agriculture to mitigate climate change

Instructions for authors can be found at:

<http://www.springer.com/business/operations+research/journal/10479>

Authors should submit a cover letter and a manuscript by 31/August/2018 via the Journal's online submission site. Manuscripts submitted after the deadline may not be considered for the special issue and may be transferred to a regular issue.

Please see the Author Instructions on the web site if you have not yet submitted a paper through Springer's web-based system, *Editorial Manager*. Be sure to note when leaving a comment that your work is intended for the special issue and to select the article type "***SI Agriculture Analytics, BigData, and Sustainable Development.***"

Papers will be subject to a strict review process managed by the Guest Editors and accepted papers will be published online individually, before print publication.
