
Call for Papers
Discrete Applied Mathematics
Special Issue
Combinatorial Optimization: Between Practice and Theory

This special issue will present recent advances in all areas of Combinatorial Optimization. The issue will be based on contributions presented at the Joint EURO/ORSC/ECCO International Conference 2017 on Combinatorial Optimization (ECCO XXX, Koper, May 3-6, 2017), but the invitation to submit is extended to all ECCO, CO, and ORSC members.

The deadline for submission is **November 30, 2017**.

Main topics of interest are (but not restricted to):

- Approximation algorithms
- Exact algorithms
- Graphs and networks
- Heuristics
- Mathematical programming
- Metaheuristics
- Scheduling

All articles will be thoroughly refereed according to the high standards of *Discrete Applied Mathematics*.

The full papers must be submitted through the Elsevier Editorial System <http://ees.elsevier.com/dam>. When submitting your paper, be sure to specify that the paper is a contribution for the Special Issue of EURO/ORSC/ECCO, so that your paper is assigned to the guest editors. Please see the Author Instructions on the site if you have not yet submitted a paper through this web-based system. Be sure to note that your work is intended for the Special Issue and to select the article type **SI: EURO/ORSC/ECCO 2017**

Accepted papers will be published online individually, before print publication.

We are looking forward to receiving your contribution.

The Guest Editors,
Andrej Brodnik
Silvano Martello
